***Allowable Subject Matter***

Claims 10-13 are allowed.

The following is an examiner's statement of reasons for allowance: patentability resides, at least in part in the connector having a metal shield with first and second metal bodies, each having a protruding part for engaging a mating connector, a pair of mating fasteners and slots and a through hole for a convexity in an insulated body of a housing, further comprising a positioner located on a second end of one of the bodies with first and second wedges with fasteners and an external packaging, in combination with the other limitations of the base claim.

***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Peele 4,653,836, Frommer et al. 5,667,407, Marsh et al. 5,380,223 and Dechelette et al. 5,417,590 were cited for similar connectors.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brigitte R. Hammond whose telephone number is 571-272-2006. The examiner can normally be reached on Mon.-Thurs. and Alternate Fridays from 7:30-5:00.
